RELAUNCHING
THE RHETORIC SCHOOL

We desire that our Rhetoric School (9th-12th grades) provides a well-rounded education designed to develop students who can think critically, reason soundly, and communicate persuasively. The curriculum integrates intellectual rigor with spiritual formation, grounded in the Trivium (Grammar, Logic, Rhetoric) and the Quadrivium (Arithmetic, Geometry, Music, Astronomy).

KEY FOCUS AREAS:

Classical Thought

Study of philosophy, history, and literature to cultivate wisdom and a deep understanding of the world.

Biblical Wisdom

Integrating Scripture into every subject to shape a biblical worldview.

Virtue & Character

Encouraging students to live out the virtues of truth, beauty, and goodness in all they do.

CORE COURSES OF STUDY:

- **Bible:** Building a biblical worldview through Old & New Testaments, Apologetics, Church History.
- **Humanities:** Exploring Western Civilization, grammar, composition, philosophy, and literature (e.g., Confessions, Hamlet, Great Gatsby) through a Christian lens.
- **Latin & Languages:** Enhancing communication skills and understanding language mechanics.
- **Logic & Rhetoric:** Cultivating clear thinking and persuasive communication.
- **Math:** Developing logical reasoning and problem-solving skills through Algebra, Geometry, Calculus, and beyond.

ATHLETICS AT OAK HILL

The reintroduction of athletics at Oak Hill is designed to promote wholeness and virtue through sports. Our athletics program hopes to encourage students to develop physical fitness, teamwork, and resilience while fostering a spirit of love and respect for others. Athletics at Oak Hill reflects our commitment to building Christlike character in all aspects of life, helping students grow in integrity, discipline, and unity as they serve others on and off the field.
